Physiotherapy Corporation acquires Therapy Plus

August 26, 2015 (Exton, PA) Physiotherapy Corporation, a leading national provider of outpatient physical and occupational rehabilitation and prosthetic and orthotic services has announced the acquisition of Therapy Plus, a physical and occupational therapy provider in southeast, WI. This partnership allows both groups to better meet the needs of patients in the Milwaukee area.

Therapy Plus has seven clinics that have served the Milwaukee area for more than nine years. “Therapy Plus is an excellent fit for joining the Physio family of clinics,” says Mike Piekutoski, VP of Business Development for Physiotherapy. “Their talented clinicians and commitment to their patients is what attracted us to this opportunity.”

Patients of the former Therapy Plus clinics will now have access to Physiotherapy Associates’ team of clinical experts whose approach is to provide the support and guidance to help individuals achieve their best through injury prevention programs, rehabilitation therapies and performance enhancement services – keeping them moving at the speed of their own lives.

“We are excited to join the Physio family of clinics,” says Robert Frediani, President of Therapy Plus. “They bring the resources of national experts to our local level.”

Physiotherapy Corporation adheres to the highest standards of integrity and compliance and provides evidence-based physical rehabilitation and innovative healthcare solutions. With a team of engaged clinicians and unique leadership that includes practitioners who are internationally known and recognized for their expertise, Physio is committed to continuing education and cutting edge new technology – a powerful combination for meeting the needs of its patients. Visit MyPhysio.com for a comprehensive list of locations and services available.
